

THE GEP GROUP

Total Integrated Packaging Solution

Cube 1000+™ / 1400™

Cube 1000+™ / 1400™

The Cube 1000™ has an internal rated capacity of 1,000L while the 1400™ has an internal rated capacity of 1,400L.

Both IBCs feature an Anti-Corrosion construction of galvanized steel and Reinforced-Base to prevent flexing during long term usage. They have space-saving features such as foldable side-walls to allow for cost-saving storage and empty transport. Re-usable with disposable Polyethylene (PE) liner bags, our IBCs allow you to transport and store liquids and other goods safely and securely.

Both IBCs are stackable up to 4 high when fully loaded, have 4-way forklift entry for convenient access, 2-piece hinged lid with tamper-proof seal for added security, as well as an even-base that allows the IBC to be used on a roller-conveyer.

Optional features such as bottom discharge hole for easy discharging of non-viscous liquids, and Medium Density Polyethylene (MDPE) plastic base attachments for ceramic floor protection can be added to the IBCs.

Cube 1000+™ / 1400™ Features

- Specially designed for
 - Juices
 - Liquids
 - Rubber Bales (Cube 1400™ only)
- Anti-corrosion Galvanised Steel with lifespan of 10-15 years
- Designed to fit in standard 20-foot and 40-foot container perfectly when loaded
- Attached 2-piece hinged lid for secured packaging prevents unwanted entry
- Reinforced bottom to prevent unwanted flexing of IBC over long term
- Perfectly-even bottom to allow transport on roller conveyor in any direction

Cube 1000+™ / 1400™

Dimensions			
		Cube 1000™	Cube 1400™
External (mm)	L x W x H	1135 x 1125 x 1082	1465 x 1140 x 1100
Internal (mm)	L x W x H	1110 x 1040 x 950	1400 x 1074 x 985
Folded (mm)	L x W x H	1140 x 1140 x 350	1465 x 1140 x 233

Weight & Working Capacity		
	Cube 1000™	Cube 1400™
Tare Weight (kg)	135	156
Maximum Weight (kg)	1400	2000
Maximum Capacity	1,100L or 260 gallons	1,480L or 390 gallons

Cube 1000+™ / 1400™

Stacking Height (Number of IBCs)		
	Loaded	Empty (Folded)
In Transit	2	7
Static	4	14

Number of IBCs per Container			
		Cube 1000™	Cube 1400™
20-foot FCL	Loaded	20	16
	Empty (Folded)	70	86
40-foot HC FCL	Loaded	40	32
	Empty (Folded)	156	192
